Class: 27  Date: 12/10  Fall 2012  CSE 531: Distributed and Multiprocessor Operating Systems
A sense or new or something else:

Each step changes, can be...

\[ P \cap E \cap F \cap G \cap R \cap \ldots \]

\[ P \cap E \cap F \cap G \cap R \cap \ldots \]

Each process seems of course
1. Pre-Reading: Note any figures, graphs, or boxes. 
2. Post-Reading: Zoning on p. 64, P. 128. 
   Every one's dibbed into 2 classes. 

After such sequence
